

## Milwaukee County Grounds Estabrook Dam Rehabilitation P063-10605

Milwaukee County Department of Transportation and Public Works is requesting proposals for professional consulting services to complete condition and environmental assessments, agency permitting and rehabilitation plans for the Estabrook Dam. The project includes removal of the sediment/debris built up behind the dam. The Estabrook Dam is located on the Milwaukee River just east of North Port Washington Road in Glendale, Wisconsin. Proposals are due March 26, 2010. For further information call 414-278-4863.
